This one-day workshop, offered in two locations is designed for beginners in turf or for more experienced professionals who want a review on the basic foundations of turfgrass management. This workshop will cover the basics on plant growth, turfgrass establishment and cultural practices in the morning, and the pest management and pesticide safety in the afternoon. A great workshop for the whole staff!

**December 7, 2010**
Marion Co. Extension Office
6640 Intech Blvd, Ste 120; Indianapolis, Indiana
Registration: 8:30 am (Eastern)

---

### Morning

**Basic Growth:** The fundamentals of turfgrass growth emphasizing how management affects growth and physiology.

**Establishment:** Soil preparation, planting date, species selection, and post-plant care for seed and sod.

**Cultural Practices:** Mowing, irrigation, aerification, thatch control, and other practices to maintain healthy turf.

**Fertilization:** Fertilizer needs, rates, timing, and sources for an efficient fertilization program.

---

### Afternoon

**Weed ID & Control:** ID, biology and control of crabgrass, dandelion, clover and many other weeds.

**Disease ID & Control:** Understanding ID, biology, and management of common turf diseases.

**Insect ID & Control:** ID, biology, and management of white grubs and other insects.

**Pesticide Safety:** The practical and legal aspects of using pesticides on Indiana turf.

---
